

## CHATTANOOGA 2011

St Elmo Presbyterian  
Church

4400 St. Elmo Avenue  
Chattanooga, TN 37409

March 4-5

Our world is Rated-R and no one is checking IDs. Pretending that it is Rated-G isn't an effective strategy for chasing away the shadows. *Pornollution: Protecting Your Family from the Cultural Porn Spill* is a 2-day conference that traces the devastating effects of hard-core pornography from its legalization in 1968 until today.

Learn how pornographers are targeting children and what you must do to protect your family. Helpful strategies for how to talk to your kids about healthy sexuality and how to prepare them for the perversion that they will be exposed to at some point in their lives will also be discussed. Help and hope for individuals and families already impacted by pornography and sex addiction will be discussed openly and honestly.

## About Us

Genesis chapter 3 describes mankind's dilemma after the Fall and our need for recovery. This same chapter also clearly communicates God's plan to redeem man to Himself through the Gospel.

*Route1520* is built on the firm belief that individuals cannot change through mere willpower or simply learning Biblical principles and trying to carry them out. We believe that change takes place in community as we take the Gospel of Jesus Christ more deeply into our understanding and into our hearts. This process is a journey and not a quick-fix formula.

## Our Name

*Route1520* gets its name from the passage in Luke 15:20 where Luke records,

“And he arose and came to his father. But while he was still a long way off, his father saw him and felt compassion, and ran and embraced him and kissed him.”

The well-known Parable of the Two Sons provides the backdrop that we use to clearly communicate God's scandalous love for His children and also the two primary ways our unbelief shows up: through legalism and licentiousness. Our ministry, like Jesus' parable, seeks to demonstrate that both the irreligious and the religious life-paths are dead ends and that a new route is needed altogether. Like the two brothers in the parable, we also resent our Father's authority and seek ways of getting out from under it. Some rebel by being very bad and others rebel by being extremely good. The result is the same...we need recovery and a radical encounter with the Gospel.

*Route1520* seeks to:

- Come alongside the local church as a trusted resource in ministering to individuals or couples who have been or are being impacted by pornography and sex addiction.
- Help strugglers and their families discover the freedom offered by the Gospel.
- Continually multiply the ministry by disciplining individuals and establishing new Recovery Groups.
- Help individuals grow in their love for God and others.
- Exalt the true Gospel while exposing the unbelief of both elder brother and younger brother hearts.
- Create a culture of authenticity and transparency where individuals can be free to connect at weakness and not feel the need to impress with strength.
